

# Make your voice heard in Vallejo's redistricting process!

*Photo Credit: Anthony Abadilla*

Every 10 years, local governments use new data from the Census to redraw their district lines to reflect how local populations have changed. The City of Vallejo is asking for your help to plan, draw and redivide new City districts.

Submit your input to help the City create a map that gives all Vallejoans fair and equal representation. The way district lines are drawn could change which Council District you are in and who makes important local government decisions on your behalf – including which local laws get passed and how City dollars are spent.

Unless residents share maps and feedback, the City Council will be left to make this important decision without community members' valuable perspectives. Help shape the future of Vallejo: Submit your feedback and maps today!

Learn how to use the City's online mapping tools by scanning the QR code to watch the virtual workshop.
